1. The shops located in the Jatra premises should be constructed in lines leaving an intervening space between shops and leaving a space of 7 feet from the side drains on both sides of the roads, to avoid accidents, obstruction, etc.

2. Sweetmeat shops and hotels should not be located near other shops. They should be in a separate line to be fixed by the Amildar as they will always have the fire ovens going.

Places will, however, be provided for the parking of such vehicles.
